TO OUR CUSTOMERS

We warrant all our plants to be true and in good growing condition at time of shipping, but are not responsible for any damage or loss that may occur in transit.

Seeds are prepaid by us. Plants by express must be paid by purchaser. If plants are ordered by freight add enough to cost of plants to prepay charges.

Packing, as is customary, we are making a charge for this service only to cover cost of material used.

Should any mistake occur (which we do our best to avoid) we will either duplicate your order or refund your money, should the fault lie with us.

All complaints must be made within five days on receipt of goods, or we cannot consider the same. But in no case can we be responsible for the crop.

Orders from unknown parties must be accompanied by cash or reference. All bills from parties of approved credit due the first of the following month. In all cases where the bills are not paid when due, we reserve the privilege of drawing on same without further notice.

Order as early as convenient, stating date of shipment, and we will reserve stock for you and forward as desired. Should you visit Santa Rosa during the growing season we would be pleased to have you call and see our stock.

Thanking our many customers for their kind patronage and hoping for a continuance of same, we are

Respectfully,

R. F. D. No. 4
